“Activism”

In April 2017, Connor indicated that he thought poorly of Identity Evropa, asking his fellow fascists in Anticom “Identity Europa is a Meme right?” Connor’s buddies told him that Identity Evropa was good, and that their then leader, [Nathan Damigo](#), beat up an anti-fascist, which got him very excited. The extent of Connor's activism has been posting memes, going outside literally once, and recruiting one gamer to IE.

Connor was also the Nevada chapter leader of the now-defunct Vanguard of Liberty, a nationalist group whose largest presence is a [deserted subreddit](#) and a twitter account with [200 followers](#).

Connor Burgess lives with his parents in [Boulder City, Nevada](#), where he is registered to vote in Nevada as [non-partisan](#), while both his parents are Republicans (note that the address here is incorrect, the street address should be 532 Katie).

Connor uses the handle @brailseed on [Twitter](#) and [Instagram](#). Unlike literally every other fascist we've outted, he doesn't follow [The Golden One](#), but he does follow, and is followed by, fellow Nevada Identity Evropa zoomer [Kenneth Cruely](#).

Conclusion

Another day, another white supremacist exposed.

Even if you're some dipshit gamer that hardly contributes anything to your white supremacist org, we'll find you and out you so just quit while you're ahead.
